

Craigmillar Castle Country Park – April 18th 2009

A lovely afternoon at Craigmillar Castle Country Park, the first daylight event there using the update map, and also using the new assembly at BridgeEnd Farm. The mixture of permanent course controls and mini-kites seemed to have been well received, and the event was even graced by a passing steam-train, much to general astonishment. Thanks to Janet, John and Jo for their assistance with at registration, and to Stacy Schumacher from the CoE Council Ranger Service.
